Librarians—Emily Avery, Charlotte Amos

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Woodstock, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Woodstock on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will authorize the Selectmen to hire such sums of money as may be necessary to defray expenses in anticipation of taxes.

4. To see what discount will be allowed on taxes paid on or before the first of September or a later date to be set by the Selectmen and if the sums of twenty cents shall be added to each poll tax not paid on or before September 15th.

5. To see if the Town will vote to accept the budget as posted.

6. To see if the Town will vote to allow the Selectmen to sell Property taken on tax title.

7. To see if the Town will vote to raise and appropriate the sum of \$178.46 to the White Mountain Region Association, being 10c per \$1000 of assessed valuation (1/100 of 1%) for the purpose of issuing and distributing printed matter and advertising and otherwise publicizing the advantages of the town, in cooperation with the other 45 towns in the region.

8. To see if the Town will vote to raise and appropriate the sum of \$400 to purchase the part of the ski slope owned by L. F. Parker.

9. To transact any other business that may legally come before this meeting.

NORMAN FADDEN,
WESLEY FOWLER,
SHERWOOD AVERY,

Selectmen of Woodstock

MOOSILAUKE LIBRARY REPORT

It is with pleasure we report the continued growth of our library. From January 1, 1951 to January 1, 1952, the number of patrons served was 4,632. The number of books issued was 9,648. This is an increase of 4,857 books issued and 1,696 patrons served over the previous year.

We are sorry to report that no State Aid money is being awarded this year. If and when it is available, we shall try to meet the requirements and apply for it.

We should like to acknowledge all gifts of books, magazines and papers.

EDWARD W. CLEMENT,

Auditors

Only YOU can PREVENT Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and co-operative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigars, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

Only YOU and YOU and YOU can prevent forest fires! Will YOU help?

School Report

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Woodstock qualified to vote in district affairs:

You are hereby notified to meet at the Woodstock High School Building in said district on the eighth day of March, 1952, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors, Committees, in relation to any subject embraced in this Warrant.
8. To see if the district will authorize the clerk to certify to the Selectmen the amount of money necessary to be assessed and received to balance the budget.
9. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
10. To see if the District will vote to extend the present School Bus Routes from:
 1. The Store at West Thornton to the residence of Chester Willey on the Mirror Lake Road.

2. From the Covered Bridge at Woodstock, South on the East Side Road to the Iron Bridge at the junction of the Thornton Gore Road with said East Side Road.
3. From the Covered Bridge at Woodstock, North on the East Side Road, to include transportation for all children on the East Side Road, said route extending to the junction of said East Side Road and Route 3 at North Woodstock hence to the Woodstock High School.
4. Said extensions of School Bus Routes to be effective for the entire School Year.
11. To see if the District will vote to raise and appropriate the sum of \$300.00 for the extension of the above Bus Routes.
12. To see if the District will vote to raise and appropriate the sum of \$400.00 (Four Hundred Dollars) for the rental of the Athletic Field for the year 1952-53.
13. To see if the School District will vote to adopt a plan for extending to employees of the School District the benefits of title II of the Federal Social Security Act (Old-Age and Survivor's Insurance) as authorized by Chapter 234 of the Laws of 1951 and to raise and appropriate the sum of \$73.13 (Seventy-Three Dollars and Thirteen Cents) to defray the school district's share of the cost thereof.
14. If the foregoing article is adopted, to see if the School District will authorize the School Board to execute on behalf of the School District the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the School District will designate the Clerk of the School Board as the officer to be responsible for the administration of the plan.
15. To see if the School District will vote to raise and appropriate the sum of \$500.00 (Five Hundred Dollars) to increase the Fire Insurance Coverage on the School Buildings and their contents at both the High and Center Schools.

16. To see if the district will authorize the School Board to borrow money in anticipation of Town Taxes.

17. To transact any other business that may legally come before the meeting.

Given under our hands at said Woodstock this 4th day of February, 1952.

EMILY B. AVERY,
E. GEORGE MOSES,
ROSEMARY COPENHAVER,

REPORT OF HIGH SCHOOL PRINCIPAL

Dear Mr. Rollins:

I hereby submit my report as Principal of the Woodstock High School and North Woodstock Grammar School.

There are at present 166 pupils enrolled in the North Woodstock School, 124 in the elementary grades and 42 in the High School. The breakdown is as follows:

Grade I—12	Grade VII—14
Grade II—14	Grade VIII—9
Grade III—15	Grade IX—10
Grade IV—17	Grade X—14
Grade V—22	Grade XI—5
Grade VI—21	Grade XII—13

There were seven who graduated from Woodstock High School last year. Three of these are now attending the University of New Hampshire, two are married, one unemployed, and one attending baseball school in Florida.

The attendance and tardiness record of the High School is below that of last year. We still have a few pupils who visit the nearby towns for purposes other than doctor appointments during school hours. As the school is still in session and the right to attend has not been taken from these pupils, it has been advisable to give these pupils a zero mark for the work they have missed during their absence. It is hoped that the attendance and tardiness record will improve for the remainder of the year, as it is impossible for a pupil to make up all of the work that was actually carried on during the time of absence.

Due to our eight-period day, the pupils are able to do some of their studying during the study halls, but it is still necessary for all pupils to do some studying at home. Pupils cannot do the necessary assignments and studying for four or five classes during the three or four study halls that they may have.

The Shop Program which was added to the curriculum in the High School this year has been a great success. With a total of 22 boys in the High School, there are 21 taking shop as an elective, each boy receiving a total of 80 minutes of shop per day. This program is also required for the seventh and eighth grade boys twice a week. The shop room was completely reconstructed and enlarged by the boys under the direction of the instructor, Mr. Maichle. The boys tore down two brick walls, installed the wiring for lights and machines, put up a new ceiling, and completely painted the room. Upon completion of the room, the boys built benches, tool panel board, and assembled all of the machines. These tasks were completed by the middle of November, and since then, the boys have been working on their own projects. Some of the projects that have been completed are simple games, book racks, kitchen stools, magazine racks, gun racks, and wall shelves.

The Driver Training class which was also added to the curriculum this year, has been well supported with a total of 15 pupils enrolled. One class, under the instruction of Mr. Maichle, has just finished the course and five pupils passed the tests given by the State Motor Vehicle Department. We are very fortunate to be able to share the driver training car with Lincoln High School. To defray our operating costs on the car, the following filling stations have donated 20 gallons of gasoline a piece:

Andrew's Gulf Station
Avery's Calso Station
Goodbout's Socony Station
Drake's Esso Station
O'Rourke Sunoco Station

Open House was observed Friday night of Education Week. Well over 200 parents and friends attended. At this time, they were able to visit the various classrooms, see the shop and driver training car and equipment, and attend the program presented by the pupils of various rooms. A guest speaker also gave a very interesting address.

The Student Council voted last year to buy an electric refrigerator and sell milk to the elementary pupils during their recess and at noon time. From November through June of last year a total of 4,535 half-pint bottles of milk were sold and from September through December of this year, a total of 1,757 half-pint bottles of milk have been sold.

For the teaching staff and myself, I wish to thank everyone connected with the schools for their helpful cooperation.

Respectfully submitted,

ROBERT C. GILMAN,

Principal

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS — WOODSTOCK

The Woodstock School Board

My ninth annual report as your superintendent of schools is now submitted for your information and that of citizens of Woodstock. The report presents a discussion of the major problems before the school district, and such statistical data as may be useful to the people of this town.

Without doubt, the report of the principal of the high school will contain more detailed information than is here included about the operation of the school. However, I wish to present here some facts for your consideration. We are now offering shop work for the first time in the history of the school. All work in setting up the shop, including alterations in the basement, has been done by the instructor and boys in the class. This work made possible a very effective teaching situation, because teaching principles and facts were combined with an actual building situation. Probably the shop will mean more to those who helped set it up than to any others who share in its advantages through later years. We now have a department for boys which is regarded as a "must" among the high schools of the country. Because of it, our boys will leave school better prepared to face actual life situations than they could otherwise be.

Driver education is also being offered for the first time this year. In offering this work, we are keeping step with a rapidly increasing number of schools everywhere. The State Board of Education and the Department of Motor Vehicles very strongly endorse this type of instruction for all high school pupils. Such information as is now available indicates that throughout the state driver education has paid liberal dividends in greater care and safety.

In a school of our size, it would ordinarily be thought best to concentrate on general training, in-

cluding the two departments already discussed, and home economics for girls. Our experience in Woodstock shows that so many of our graduates continue their education beyond high school, that we must continue to furnish both the college preparatory and utility types of education. Neither group can fairly be given consideration at the expense of the other.

In every high school of small membership, per pupil costs are inevitably high. There is no known way of making it different. It seems to me that we must recognize the fact that every child, wherever he may live, is entitled to the best possible preparation for meeting the conditions and demands of later life. We all want the best for our children.

Conditions frequently arise which result in unexpected and heavy transportation expense. When it comes to a question of transportation in excess of two miles, the requirement set up by state law removes all possibility of local choice or discretion. During the current school year, we have had to finance such transportation.

Our school buildings and equipment ought to be put under more adequate insurance coverage than we now have. The amount of insurance now carried on either building would be only a very small part of replacement cost if we suffered a complete loss of a building. It is my recommendation that an adjustment of insurance coverage be worked out which will give us better protection, and, at the same time, uniform annual premium payments. It is now estimated that such a change in our coverage would cost in the vicinity of \$400. It is my further recommendation that this matter be presented at the district meeting as a special appropriation in order that every voter may know exactly what the request is for and why it is proposed.

Salaries throughout the state, as well as the entire country, show an upward trend. Teachers graduating from teacher training institutions are expecting higher initial salaries each year. This in turn has an affect on the salaries of experienced teachers now in service. Constantly increasing living costs and tax deductions

put those who are on fixed incomes at a disadvantage. While the results of the latest salary survey in New Hampshire are not yet available, it is my belief that salaries throughout Supervisory Union No. 48 are not equal to the state average. We must all be aware of what this situation would mean if replacements became necessary.

A committee of teachers, consisting of one representative from each school district outside of Plymouth, made a study of report cards, and recommended a revised reporting system for our elementary schools. The new report cards were issued in December, covering the first 12 weeks of school. The marking system and the information given about pupils represent a cross section of desires expressed by teachers and parents whom they interviewed. We have tried to make the reports as comprehensive and informative as possible without making them too complicated. The wishes and suggestions of parents are always welcomed to help us in later changes, should they seem necessary.

We believe the teaching done in our schools is sound and effective. We try to meet the individual needs of every pupil so far as they are known to us. All training is for the purpose of preparing children to become more competent and better members of society when they are through school.

Some of the original work done by Woodstock children is especially praiseworthy, and has been published in one educational magazine of national circulation. Good teaching only could have made that possible.

The school calendar for 1952-53 is presented in a little more detail than usual. The days of the week when certain holidays occur and the requirements of the State Board of Education that schools must be in session 180 days during a school year, have to be considered in making up a calendar. It is never wise to establish a calendar that does not provide for slightly more time than the minimum of 180 school days. If schools have to be closed because of bad weather or

any other emergency, the time lost must be made up either by Saturday sessions or by an extension of the school year beyond the planned date of closing. Such school sessions are never satisfactory and are always of doubtful value.

While few statistics have been included in this report, it has been thought best to give a limited number. Those that were included may give people of the town information and the answers to some of their questions.

In conclusion, I wish to express my appreciation of the fine cooperation given at all times by the Woodstock School Board, the loyal and efficient work of the teachers, and the friendliness of pupils in the schools.

Respectfully submitted,

ARTHUR S. ROLLINS.

1952-53 SCHOOL CALENDAR

September 3, Wednesday, schools open

September 12, Friday, all schools closed for Plymouth Fair.

October 17, Friday, all schools closed for State Teachers Convention.

November 26, Wednesday, all schools close at 12:30

November 27, Thursday, all schools closed - Thanksgiving Day

November 28, Friday, all schools closed - Thanksgiving Recess

December 19, Friday, all schools close at regular time—start of vacation

No. half-days of school 148. No. half-days with no school 8.

December 29, Monday, all schools reopen after vacation
January 1, 1953, Thursday, all schools closed - New Year's Day

January 2, 1953, Friday, all schools closed - New Year's Recess

February 20, Friday, all schools close at regular time—start of vacation

No. half-days of school 76. No. half-days with no school 4

March 2, Monday, all schools reopen after vacation

April 17, Friday, all schools close at regular time - start of vacation

No. half-days of school 70. No. half-days with no school 0.

April 27, Monday, all schools reopen after vacation

June 12, Friday, all schools closed—end of school year

No. half-days of school 70. No. half-days with no school
0

Number half-days of school for the year 364

ROLL OF PERFECT ATTENDANCE 1950-1951

Charles Harrington	Donald Pierce
Floyd Sawyer	Jean Chaisson
James L. Bowes	Leonard L. Chaisson
David A. Ives	Mary J. LaPointe
Ralph F. Williams	Janet Bisson
Donald O'Rourke	Richard Williams
Bonnie D. Berry	Henry Avery
Wayne Stevens
